

Gateway School of Mumbai is introducing **HIGH SCHOOL ADAPTIVE PROGRAM** for students with learning challenges.

This unique program is designed and supervised by a multidisciplinary team of special educators & therapists, in consultation with **Cooke Center New York, (USA)** that will focus on skills and knowledge required for independent learning & living.

Since 2012, GSoM is successfully empowering children with learning challenges.

Our pursuit is to help students develop the skills, knowledge, understanding & attitudes necessary for them to lead fulfilling & productive lives as self-sufficient & successful individuals that actively contribute to the society.

Our 4 year integrated program that facilitates transition of students into the community will include:

ACADEMICS SKILLS

Math, language, technology, world knowledge

ADAPTIVE SKILLS

required for daily living, social & communication skills

PRE-REQUISITE SKILLS

required for employment & internship opportunities (in-house and on-field).

Eligibility for admissions for AY 2017-18 are -

Students between the age of 15-17 years.

Students with uneven learning profiles, who can function successfully in a classroom environment.

Students whose strengths and needs complement those of the peer group into which they are being placed.
